

Date: July.06.2020

Certificate Number : 20-MP1-002

Item Name : Contrast Paint for magnetic Particle testing Aerosol

Brand Name : PICO-MAG

Model : White Paint NMP-1 (자분페인트)

LOT NO. :20MP121

We hereby certify that the above Model used for magnetic particle inspection meets the below mentioned Typical Properties in accordance with the EN ISO 9934-2:2002 and ASME B & PV Code, Sec. V.

Typical Properties

* Color	White
* Density	1.065
* Solubility in Water	Immiscible
* Drying Time	2 ~ 10 min
* Corrosion	Non corrosive
* Sulfur	Not Detected (method detection limit: S=50 mg/kg)
* Applying sample surface temperature	Below 135°F (57°C)
