## PART 5. PRE-CERTIFICATION EXPERIENCE

Experience is not an essential pre-requisite for level 1 and 2 examinations only. However, if such evidence is available at the time of examination, and it is a <u>mandatory</u> requirement that this be provided direct to the AQB on the PSL 30 Attached.

**Industrial NDT Experience** – the experience needed to acquire the skill and knowledge to fulfil the provisions of qualification in the appropriate sector, and which is gained under the supervision of Appropriately Qualified Personnel, in the application of the NDT method in the sector concerned.

**Qualified supervision** – supervision of candidates gaining experience by NDT personnel certificated under the PCN Scheme or by non-certificated personnel who, in the opinion of BINDT, possess the knowledge, skill, training and experience required to properly perform such supervision.

**Appropriately Qualified Personnel** – Individuals carrying out supervision of candidates for PCN certification holding relevant certification issued by a BINDT recognised certification body meeting the requirements of ISO/IEC 17024.

NOTE: The Supervisors' certificate(s) <u>must</u> be verified as the same level, sector and method and must be valid at the time the experience was gained.

This may include certification schemes other than ISO 9712, such as EN 4179 and SNT-TC-1A providing that this certification has been gained using external training/examination support provided by a BINDT approved organisation. The organisation must be a BINDT approved ATO, AQB and/or OA status. Please contact <a href="mailto:pcn@bindt.org">pcn@bindt.org</a> if clarification on this is required.

Experience may be gained following <u>level 1 and 2</u> examinations only and recorded on Form PSL/30. Once evidence of experience satisfying the above definitions has been accumulated, it is provided direct to PCN, together with an application for certification using form PSL/57C.

## Level 3 candidates – $\underline{\text{must}}$ have the required amount of NDT experience prior to taking any examination.

Claimed duration of experience in applying the NDT method under qualified supervision (enter number of months or weeks):  PSL 30 to be completed with details:	PAVT 경력기간 (최소 4개월이상): 기간 기재 From ~ +o~ (언제부터) (PSL/30의 경력기간과 동일하게 기재)
