

CHRYMERIC ATNER

Date: April.06.2015

Certificate Number : 15-MP1-001

Item Name : Contrast Paint for magnetic Particle testing Aerosol

Brand Name : PICO-MAG

Model : White Paint NMP-1 (자분페인트)

LOT NO. : 15MP116

We hereby certify that the above Model used for magnetic particle inspection meets the below mentioned Typical Properties in accordance with the EN ISO 9934-2:2002 and ASME B & PV Code, Sec. V.

Typical Properties

- * Color White
- * Density 1.065
- * Solubility in Water Immiscible
- * Drying Time 2 ~ 10 min
- * Corrosion Non corrosive
- * Sulfur 0.15 wt%
- * Applying sample surface temperature Below 135°F (57°C)
