CERTIFICATE

Date: April.04.2016

Certificate Number : 16-MPF-001

Item Name : Magnetic Particle testing Aerosol (Fluorescent)
 Brand Name : PICO-MAG
 Model : Fluorescent NMP-F (형광자분)
 LOT NO. : 16MPF17

We hereby certify that the above Model used for magnetic particle inspection meets the below mentioned Typical Properties in accordance with the ASTM E-709 and ASME B & PV Code, Sec. V.

Typical Properties

* Color under white light	Brown
* Color under Black light	Yellow-green fluorescence
* Particle	Magnaflux 14A Magnaglo powder
* Particle size (Microns)	6 microns
* SAE Sensitivity	8 ~ 9
* Setting Volume	0.21ml(per 100ml)
* Applying sample surface temperature	Below 120°F(49°C) Minimum 23°F(-5°C)
